

Effective January 1, 2022, the Carpenters International Training Fund (CITF) will have the following new rules in place for Scaffold Qualification courses.

Scaffold Erector Qualification – Beginner 60 Hour and Accelerated 32 Hour

No future class sessions, the class titles will be retired in TRAIN.

Eliminate the existing one-year grace period.

Scaffold Erector Qualification – System, Tube & Clamp, and Welded Frame/Mobile Tower

No future class sessions, the class titles will be retired in TRAIN.

Existing non-expired System, Tube & Clamp, and Welded Frame/Mobile Tower qualifications will expire and drop off.

Scaffold Erector Qualification – Standard 40 Hour

Eliminate the existing one-year grace period.

Scaffold Qualification Refresher

Students may take this class to refresh the Beginner 60 hour, Accelerated 32 Hour, and Standard 40 Hour.

Eliminate the existing one-year grace period.

Scaffold Qualification Train the Trainer

Eliminate the existing one-year grace period.

Scaffold Qualification Train the Trainer Refresher

No longer taught at local training centers, all instructors must take this class at the International Training Center (ITC).

Eliminate the existing one-year grace period.
